

MINI TABLE - assembly instructions

Parts: one square tabletop (A), four threaded legs (B).

No separate screws or tools are required.

A x 1

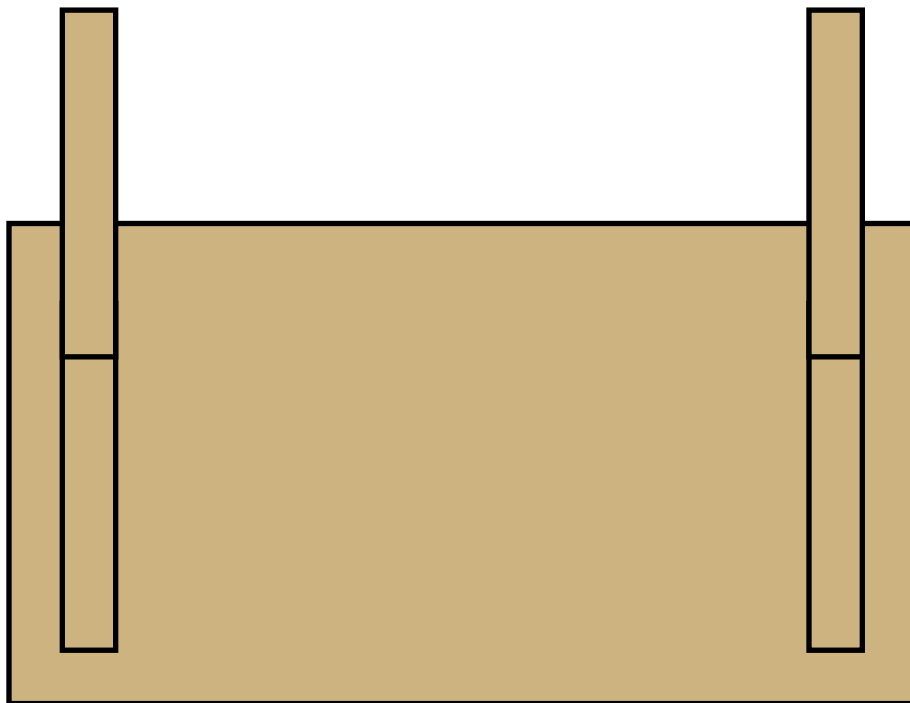

B x 4

1. Fit the four legs

Place the tabletop upside down on a soft surface.

Screw one leg clockwise into each of the four corner mounts.

Hand-tighten each leg. The tabletop stays upside down.

Working orientation: UPSIDE DOWN

2. Turn the table upright

Turn the assembled table over and stand it on all four legs.
Check that each leg is secure before use.
